AWARD INFORMATION

The College of Engineering Outstanding Graduate Researcher Award is presented annually to a graduate student in the College of Engineering in recognition of the excellent quality of research carried out by that student. Awards will be made on the basis of outstanding contributions to research, future promise as a researcher, and originality, imagination and significance of the research or creative activity. A selection committee composed of College faculty makes the recommendation of the award recipients to the Dean, based on submitted application materials.

APPLICATION INFORMATION

- This award is open to all current graduate students conducting research including graduate researchers who are paid by fellowship sources (e.g. NSF, Fulbright, etc.) in the UNL College of Engineering.
- Previous recipients of this award are not eligible.
- An individual must be nominated by a faculty member affiliated with the College of Engineering.
- Nomination materials are to be submitted electronically through the on-line submission site, with uploaded documents preferably in PDF format. Please have all materials ready to submit at one time; forms may not be saved and added to at a later time.
- The recipient of this award will receive a certificate and \$500 award.
- The DEADLINE for submitting a complete on-line nomination is Friday, March 22, 2024 at 11:59 PM. Late nominations will not be accepted.

The on-line nomination form requests the information listed below.

- Student INFORMATION
- Support documents (Upload supporting documents as PDF):
 - Letter of nomination by the faculty advisor or other faculty member qualified to assess the nominee's research (two-page limit), outlining the student's outstanding research and creative activities
 - Nominee's curriculum vitae (two-page limit), including descriptions of research and creative activities
 - Summary of research activities (one-page limit) in non-specialist language, written by the nominee, emphasizing the timeliness, significance, and uniqueness of the research conducted
